

# TILLAMOOK SCHOOL DISTRICT 9

## Recent Arrivers and Students with Interrupted Formal Education

**What** – Beginning in 2012, the Oregon Department of Education required that we collect information to determine the number of “Recent Arrivers” in our school district. The Oregon Department of Education now requires that we also identify “Students with Interrupted Formal Education.” These are immigrant students, or those who come from a home where a language other than English is spoken, who enter a U.S. school after grade 2 and have at least two years less schooling than their peers, function two years below grade level in reading and math, and may be pre-literate in their native language.

**Why** – Title III is a Federal grant that provides funding for language instruction for Limited English Proficient and Immigrant Students. Title III will use information about “Recent Arrivers” and “Students with Interrupted Formal Education” to help distribute these funds. Therefore, the Oregon Department of Education is required to provide information about “Recent Arrivers” and “Students with Interrupted Formal Education” to the US Department of Education every year.

**Who** – All new to TSD9 students/families must respond to this questionnaire. Any student born outside of the US or Puerto Rico, including foreign exchange students and students born abroad to military members, must be included in the “Recent Arriver” count if they meet all three criteria.
